

## **DEADLINE EXTENDED**

# **Gathering Place First Nations in Schools and Classrooms Survey**

---

December 1, 2020  
Akwasasne, ON

You are encouraged to share your views; your contribution and participation are critical in creating a picture of what is happening in First Nations schools, classrooms, and communities as you deal with the impact of the pandemic. That is why the First Nations Education Administrators Association (FNEAA) is **extending the deadline to December 17, 2020**.

Now that many First Nations schools are open and conducting classes, it is essential to know how things are going in schools and in the classrooms. What is working well, what is not working well, and what requires change. This information enables FNEAA to track and identify trends in the needs and priorities of First Nations at local levels.

Your privacy and confidentiality matter to FNEAA, therefore, individual responses remain anonymous with a focus on group responses that have been rolled up into data at regional and national levels.

It will take approximately 10 minutes to complete this survey.

**New Deadline:** December 17, 2020.

[Click here](#) to fill out the survey.

If you have any questions, please contact FNEAA at (343) 585-3333, or by email at [sbrascoupe@fneaa.ca](mailto:sbrascoupe@fneaa.ca).
